Report Writing

(Intermediate Level)

LEARNING OBJECTIVE

At the end of the course, participants will be able to:

- Understand the purpose and usefulness of reports
- Understand the basic 3-part structure of reports
- Apply thinking strategies to ascertain the content and gather relevant data needed for various parts of the report
- Use effective language tools to communicate clearly
- Learn how to achieve persuasion by tailoring information to specific readership.
- Get an overview on abstract writing and poster writing for conferences and apply the newly learned report writing tools and skills to contexts of abstract and poster writing

COURSE OUTLINE

The topics covered in the course are as follows:

Day 1

1) Getting the BIG Picture

- Explain the usefulness and relevance of reports at work
- Apply the principles of effective writing in report writing

2) Planning the Writing

- Gather pertinent information/ data for the report by applying thinking strategies
- Organise the information/data
- Use relevant evidence in report writing

Task : In groups, participants will work on a current report or a given scenario. They will present and critique the plans by each group.

Day 2

3) Presenting the Data

- Select and use appropriate visuals (photographs, charts etc) in a report
- Design visuals to present information/data
- Organise the visuals in a reader-friendly format

4) Writing the Report

- Produce a report with clear structure and sections
- Apply effective persuasive techniques in report writing by tailoring information to specific readership (e.g. Writing abstracts and posters for conferences)

TARGET AUDIENCE

All Healthcare professionals (Executives and above) who have some knowledge in report writing; *preferably those who have attended the beginner level and/or require to do poster/abstract writing etc.*

TEACHING METHODOLOGY

Discussions, sample evaluations, individual, pair and group presentations, practice and coaching sessions, written report exercises
